

TO MAKE:

- 1) CUT OUT EACH SHAPE.
- 2) POKE HOLES THROUGH THE MIDDLE OF EACH CIRCLE AND ON THE DOTS ON THE BACK OF THE TRACKER.
- 3) ATTACH THE CIRCLES TO THE TRACKER WITH A METAL FASTNER THROUGH EACH HOLE (YOU'LL NEED TO CUT THE METAL FASTENER'S ARMS SHORT OR ELSE THEY'LL SHOW).
- 4) FOLD THE TRACKER IN HALF AND TAPE SHUT.

TO USE:

THE TRACKER HAS TWO DIALS TO SHOW WHICH FORM YOU CHOSE THIS TURN (TOP) AND LAST TURN (BOTTOM). WHEN YOUR TURN IS OVER, YOU CLEAR THE "CHOSEN LAST TURN" DIAL (ONE OF THE CHOICES ON THE DIAL IS BLANK) AND ROTATE THE TRACKER SO THAT YOUR CURRENT CHOICE (THE TOP DIAL) BECOMES YOUR PREVIOUS CHOICE (THE BOTTOM DIAL). RINSE AND REPEAT.

RATHER THAN USING THE SPINNER, YOU CAN USE TOKENS TO TRACK FORM CHOICES TURN TO TURN.

TO MAKE:

CUT ALONG THE VERTICAL LINES TO FORM THREE TOKENS. FOLD ALONG THE MIDDLE LINE. FOLD THE WHITE TABS AND GLUE THEM TO FORM A SHALLOW PYRAMID.

TO USE:

AFTER YOUR TURN, FLIP ALL "THIS TURNS" OVER TO SHOW "LAST TURN" AND REMOVE ALL "LAST TURNS".

GLUE	GLUE	GLUE
		
THIS TURN	THIS TURN	THIS TURN
		
LAST TURN	LAST TURN	LAST TURN
